BIOGRAPHY

Hala Sacre holds a Doctor of Pharmacy (PharmD) degree from the Saint-Joseph University of Beirut (USJ) Beirut, Lebanon. As a drug information specialist, she has been the Director of the Drug Information Center at the Order of Pharmacists of Lebanon (OPL) since June 2000 and a member of the Scientific Committee at the OPL, where she served on several sub-committees. In October 2013, she was appointed by the OPL Council as a member and rapporteur of the first Continuing Education (CE) Committee upon its inception, where she participated actively in writing CE internal regulations and trained pharmacists through several educational sessions across Lebanon. Hala is the manager of the CE Program and the CE accounts of all pharmacists registered with the OPL.

Hala is proficient in text editing (English and French), critical reviewing, information technology, and coordinating scientific events. In January 2018, she co-founded the INSPECT-LB research group. She has since been the group's biomedical editor, website administrator, and coordinator of the "Health Professions" axis. She has more than 150 peer-reviewed publications related to health professions and public and mental health in Lebanon and more than 30 book chapters and white papers.

Currently, she represents INSPECT-LB in several committees of the International Pharmaceutical Federation (FIP).

RESEARCH ACTIVITY AND PUBLICATIONS

Co-founder, biomedical and website editor, and coordinator of the “Health Professions” axis at the Institut National de Santé Publique, d’Epidémiologie Clinique et de Toxicologie - Liban (INSPECT-LB) since January 2018. The mission of INSPECT-LB is to promote health-related multidisciplinary research and optimize professional practice in Lebanon. It aims to become the principal research and strategic partner of health-related public and private organizations and professional associations and conduct targeted research in line with the national requirements defined by the Lebanese authorities. Its objectives are to design and carry out specific research projects on professional practice and health in Lebanon, set up a research policy showing priorities in health research, promote training and education of Lebanese researchers, suggest governance solutions addressing essential gaps in the health professions, and engage in health promotion and education for the general population.

INSPECT-LB is registered in the Lebanese Republic, Ministry of Economy and Trade, under Patent No. 188182, Beirut, 5 October 2018.
